A collection of postal cards is easier to make than one of stamps, for several reasons. One is that postal cards date back 30 years, while stamps were issued as early as 1840. Another reason is that there is generally but one kind of postal card in each issue, whereas there is hardly ever less than ten stamps in a series. Then again, there have been very few changes in postal cards as compared with stamps.

Whereas, Allen Doyle and Sarah Doyle, his wife, of the County of Coconino, Territory of Arizona, did, by their deed of trust, dated the 15th day of March, 1899, and recorded in the office of the Recorder of Coconino County, Territory of Arizona, on the 18th day of March, 1899, in Book 4, at pages 182 to 188, both inclusive, of the records of said county, convey to the undersigned, Edwin M. Johnson, trustee, the following described premises, situated in Coconino County, Territory of Arizona, to-wit:

Lots numbered six (6), seven (7), eight (8) and nine (9), in block numbered thirty-four (34), of the townsite of Flagstaff, including all and singular the tenements, hereditaments, privileges and appurtenances thereunto belonging, and all the right, title, benefit and equity of redemption of the said Allen Doyle and Sarah Doyle, his wife, or either of them, or their heirs and assigns therein, of, in or to said premises, or any part thereof, for the purpose of securing a certain note to the Fidelity Savings Association, bearing even date with the said deed of trust, for the principal sum of twelve hundred (\$1,200) dollars, with interest and premium thereon in monthly payments of not less than twenty-one and forty one-hundredths (\$21.40) dollars per month, as provided by said trust deed and note;

And whereas, the said promissory note and trust deed provide, among other things, that in case of default in the payment of said promissory note, or any part thereof, or of the interest, premium, or monthly payments thereon, according to the tenor and effect thereof, or in the case of the breach of any of the covenants or agreements therein mentioned, then and in that case the principal sum, as evidenced thereby, may at once, without notice, become due and payable at the option of the said association, and the said trustee is authorized, at the request of the legal holder thereof, to sell and dispose of the said premises for the purpose of paying the said indebtedness, with costs and expenses on account of the execution of said trust, including an attorney's fee of ten per cent of the amount of the claim;

And whereas, default has been made in the payment of the interest, premium and monthly installments thereon from and after the month of June, 1900 (the last payment received was \$42.80 on August 13th, 1900, which covered the payments of May and June, 1900), and there now remains due and unpaid upon said note the sum of eleven hundred fifty-four and sixteen one-hundredths (\$1,154.16) dollars, and the legal holder of said note has exercised its option by reason of said defaults to declare the whole indebtedness to be matured and to foreclose the said trust deed.

Now, therefore, I, Edwin M. Johnson, trustee, at the request of the legal holder of said note, and by the authority in me vested by the said deed of trust, do hereby give notice that I will on Wednesday, the 10th day of April, 1901, at 10 o'clock in the forenoon of said day, sell and dispose of all of said premises, or of such of the same as may be necessary, and all of the right, title, interest, benefit and equity of redemption of the said Allen Doyle and Sarah Doyle, their heirs and assigns, at public auction, at the Tremont-street front door of the County Court House, in the City of Denver, County of Arapahoe, State of Colorado, for the highest and best price the same will bring in cash, for the purpose of paying the said indebtedness, with legal interest thereon from this date, and the expenses and costs of executing this trust, including an attorney's fee of ten per cent, all as provided by said deed of trust.
